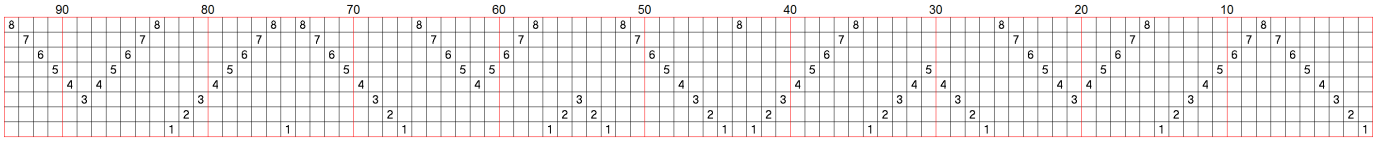
#79 Comfort Shawl Errata

The original draft gave an incorrect number of repeats in the threading chart. The corrected chart is shown below. Please note that the thread-by-thread chart with all the colors is correct as shown in the original draft.

Thread from end 1 to end 94 four times, then from 1—24 once. Don't forget the floating selvage on each edge.



There was an error in the color order in the last chart of the Threading Draft, starting at thread #392. The corrected last chart in the Threading Draft is below. Additionally, for clarity, the Warp Color Order chart has been amended to include the Grey Teal floating selvedges directly in the chart.
